The Pasteur Institute in Paris says tobacco kills all manner of mean germs. We don't know whether it is true or not, remarks the Houston Post, but as a reformer we incline to the opinion that the use of tobacco gives those who indulge in it too much pleasure, and pleasure demoralizes the spirit of mortal by making it too proud.

Some genius unemployed for the present could well serve humanity and benefit the rest of mankind at the same time by getting up a match that will light when it is struck on the box.

Managers of hotels are reported to have decided to take the foreign language from the bill of fare and call a spade a spade. It doesn't explain to those who are familiar with modern portions just what the idea is in providing a spade.

Now, if somebody will lock up Lenin, who is reported to have locked up Trotsky, and then confine a hundred or more other murderous Bolshevik "idealists," there may be a chance for better days in Russia.

While it may be true that there are 2,000,132 more males than females in this country, it requires an awful stretch of the imagination to classify thousands of them as real men.

ANOTHER GOOD GAME AT LIBERAL FRIDAY

P. A. I. Team From Goodwell Will
Give Local High Team a Hard
Game Friday Afternoon

The L. H. S. team will contest Friday afternoon with the strong P. A. I. team from Goodwell, Oklahoma. While Goodwell, in itself, is a small town, the Panhandle Agricultural Institute is a big school, and has a world of good high school material to choose from, so it is expected that they will give the Liberal lads something to think about and a lot to work for.

This is one of the best games which will be seen on the local grounds this season and it is hoped that a good crowd will be out to cheer the home boys to victory.

Give them a good boost and help them to win.
